

72 STORIES COMMUNITY GUIDELINES

Updated: January 1, 2022

These Community Guidelines (“Guidelines”) apply to your use of our website and any software or mobile apps that we may create (together, we call those things the “Service”).

Check out our [Terms of Use](#) (“Terms”) for more details on the Service – these Guidelines are included in those Terms.

We’ll refer to you in these Guidelines as ‘you’ or the ‘User’. We’ll call ourselves “72Fans”, “we” or “us”. Any other capitalized phrases are defined in the Terms.

If you have any questions about the below, reach out at our [Contact Us](#).

1. **Why are the Guidelines Important?**

The Service offers a special opportunity – you get to submit your own Stories to be featured on the Service, along with Stories submitted by other people passionate about the 1972 Summit Series!

Because of this opportunity (and because it’s the right thing to do), we can’t permit you to do anything that would make you, 72Fans, or anyone else feel hurt, unsafe, harassed, uncomfortable, exploited, or any other similar bad feeling.

Make sense? We think so too.

2. **Enjoyment**

Don’t do anything that interferes with the positive experience of other users. It’s that simple.

3. **No Discrimination**

Don’t post anything on the Service that could incite, promote, cause, or support discrimination against another person. This includes discrimination based on age, gender, gender expression, race, religion, creed, age, disability, sexual orientation, nationality, political opinion, family status, marital status, place of origin, ethnic origin, or any grounds recognized by applicable human rights laws.

4. **No Abuse**

Don’t post anything on the Service that could make someone else feel harassed, bullied, threatened, or otherwise abused.

5. **No Violence**

Don’t post anything on the Service that includes, incites, celebrates, or promotes violence. This includes posting content that depicts hostile behaviours, graphic violence, gratuitous violence, or realistic portrayals of violence (including murder, torture, abuse or similar content whether depicting people, animals or others).

6. **No Lies**

Don’t post lies. This includes misleading, defamatory, deceptive, libelous, outdated, or other untrue things.

7. **Respect creator rights**

Don’t post any content that you don’t own or have permission to post. This includes posting, without permission, other people’s logos, trademarks, copyrighted works, likenesses, names, stories, personal information, or any other content protected by privacy laws or Intellectual Property Rights.

8. **Inappropriate or Unlawful Content**

Don’t post any content that is inappropriate or unlawful. This includes content that depicts or promotes:

- Nudity, pornography, or sexually explicit content; or
- Drug use or any illegal activity.

This includes posting content that could have any of the following impacts:

- Humiliates another person;
- Injures another person (physically, emotionally, or mentally);
- Damages another person's property;
- Harms or exploits children;
- Misleads others about a religion or a way of life;
- Constitutes a crime or civil infraction;
- Discloses confidential information, trade secrets, or other secret information;
- Discloses another person's personal information (including contact information); or
- Breaks a contractual responsibility you hold.

9. **Enforcement**

72Fans will exercise its sole discretion when interpreting and applying these Guidelines to any alleged infraction. When enforcing these Guidelines, 72Fans may choose to take any of the following steps with respect to your access to the Service: removal of Stories, suspension, temporary termination, permanent termination, and/or banning implicated users from any and all future use of the Service.
